Dear Sir,

It is indeed a pleasure to know that Apex Professional University is one of the leading Universities in the state of Arunachal Pradesh. It is also learnt that the institutions under your university are emerging as the fastest growing institutions of higher learning.

As you are well aware, the incidence of non-communicable diseases and lifestyle related disorders are increasing at an alarming rate. In the light of this, there is an increased demand for Yoga & Naturopathy as these systems are proved to be effective in the prevention and management of above mentioned diseases. Consequently, the demand for the qualified and skilled manpower in this field is also growing.

In this connection, may I request your good self to kindly consider starting a professional Medical College of BNYS (Bachelor of Naturopathy & Yogic Sciences) Course of 5½ years duration. I am sure this will cater to the ever increasing demand for qualified Naturopathy & Yoga professionals.

The Council is ready to extend its support in the best possible manner for the above proposal to materialize.

I hope you will look into this matter and consider this suggestion in a positive manner.

With regards,

Yours sincerely,

  
(Ishwara N. Acharya)
